Examiner Amendment

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the Issue Fee.

2. Claim 1, line 12, change "fiom" to -- from --.

Allowance

- 3. Claims 1-39 are allowed.
- 4. The following is an Examiner's Statement of Reasons for Allowance:

The prior art of record teaches the claimed invention substantially, but it fails to teach or suggest singly or in combination a test wrapper architecture and method for testing an electronic circuit having one or more hierarchical cores, the test wrapper architecture comprising: a first core having a wrapper input cell and a wrapper output cell, the wrapper input cell and wrapper output cell being configured to receive a primary input signal and a test input signal for the first core, and to output a primary output signal and a test output signal for the first core; a second core having a wrapper input cell and a wrapper output cell, the wrapper input cell and wrapper output cell being configured to receive a primary input signal and a test input signal for the second core,

and to output a primary output signal and a test output signal for the second core; wherein the wrapper input cell and the wrapper output cell of the second core are further adapted to receive a test input signal from the first core, and to output a test output signal to the first core, thereby enabling the first core and the second core to be

tested in parallel as set forth in independent claims 1, 22 and 35.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance".

6. The prior art of record and not relied upon is considered pertinent to applicant's

disclosure.

7. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to David Ton whose telephone number is (571) 272-3828.

The examiner can normally be reached on M-F from 8:00 - 5:00.
